Important Questions	Answers	Why This Matters:
What is the overall deductible?	Individual: Participating \$5,000; Non-Participating \$10,000 Family: Participating \$12,000; Non-Participating \$24,000	Generally, you must pay all of the costs from <u>providers</u> up to the <u>deductible</u> amount before this <u>plan</u> begins to pay. If you have other family members on the <u>plan</u> , each family member must meet their own individual <u>deductible</u> until the total amount of <u>deductible</u> expenses paid by all family members meets the overall family <u>deductible</u> .
Are there services covered before you meet your deductible?	Yes. Certain <u>preventive care</u> services and services with a <u>copayment</u> and <u>prescription</u> drugs are covered before you meet your deductible.	This <u>plan</u> covers some items and services even if you haven't yet met the <u>deductible</u> amount. But a <u>copayment</u> or <u>coinsurance</u> may apply. For example, this <u>plan</u> covers certain <u>preventive</u> services without <u>cost-sharing</u> and before you meet your <u>deductible</u> . See a list of covered preventive services at www.healthcare.gov/coverage/preventive-care-benefits/ .
Are there other deductibles for specific services?	Yes. Out-of-Network Inpatient \$300. There are no other specific deductibles.	You must pay all of the costs for these services up to the specific <u>deductible</u> amount before this <u>plan</u> begins to pay for these services.
What is the out-of-pocket limit for this plan?	Individual: Participating \$8,550; Non-Participating \$25,650 Family: Participating \$17,100; Non-Participating \$51,300	The <u>out-of-pocket limit</u> is the most you could pay in a year for covered services. If you have other family members in this <u>plan</u> , they have to meet their own <u>out-of-pocket limits</u> until the overall family <u>out-of-pocket limit</u> has been met.
What is not included in the out-of-pocket limit?	<u>Premiums</u> , <u>balance billing</u> charges, and health care this <u>plan</u> doesn't cover.	Even though you pay these expenses, they don't count toward the <u>out-of-pocket limit</u> .
Will you pay less if you use a network provider?	Yes. See www.bcbsil.com or call 1-800-541-2768 for a list of Participating Providers.	This <u>plan</u> uses a <u>provider network</u> . You will pay less if you use a <u>provider</u> in the <u>plan's network</u> . You will pay the most if you use an <u>out-of-network provider</u> , and you might receive a bill from a <u>provider</u> for the difference between the <u>provider's charge</u> and what your <u>plan</u> pays (<u>balance billing</u>). Be aware, your <u>network provider</u> might use an <u>out-of-network provider</u> for some services (such as lab work). Check with your <u>provider</u> before you get services.
Do you need a referral to see a specialist?	No.	You can see the <u>specialist</u> you choose without a <u>referral</u> .

All **copayment** and **coinsurance** costs shown in this chart are after your **deductible** has been met, if a **deductible** applies.

The Summary of Benefits and Coverage (SBC) document will help you choose a health plan. The SBC shows you how you and the plan would share the cost for covered health care services. NOTE: Information about the cost of this plan (called the premium) will be provided separately. This is only a summary. For more information about your coverage, or to get a copy of the complete terms of coverage, visit www.bcbsil.com/member/policy-forms/2024 or by calling 1-800-541-2768. For general definitions of common terms, such as allowed amount, balance billing, coinsurance, copayment, deductible, provider, or other underlined terms see the Glossary. You can view the Glossary at www.healthcare.gov/sbc-glossary/ or call 1-855-756-4448 to request a copy.

Important Questions	Answers	Why This Matters:
What is the overall deductible?	Individual: Participating \$1,000; Non-Participating \$2,000 Family: Participating \$3,000; Non-Participating \$6,000	Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan, each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meets the overall family deductible.
Are there services covered before you meet your deductible?	Yes. Certain preventive care services and services with a copayment and prescription drugs are covered before you meet your deductible.	This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost-sharing and before you meet your deductible. See a list of covered preventive services at www.healthcare.gov/coverage/preventive-care-benefits/ .
Are there other deductibles for specific services?	Yes. Out-of-Network Inpatient \$300. There are no other specific deductibles.	You must pay all of the costs for these services up to the specific deductible amount before this plan begins to pay for these services.
What is the out-of-pocket limit for this plan?	Individual: Participating \$4,000; Non-Participating \$12,000 Family: Participating \$12,000; Non-Participating \$36,000	The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan, they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met.
What is not included in the out-of-pocket limit?	Premiums, balance billing charges, and health care this plan doesn't cover.	Even though you pay these expenses, they don't count toward the out-of-pocket limit.
Will you pay less if you use a network provider?	Yes. See www.bcbsil.com or call 1-800-541-2768 for a list of Participating Providers.	This plan uses a provider network. You will pay less if you use a provider in the plan's network. You will pay the most if you use an out-of-network provider, and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware, your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.
Do you need a referral to see a specialist?	No.	You can see the specialist you choose without a referral.

All **copayment** and **coinsurance** costs shown in this chart are after your **deductible** has been met, if a **deductible** applies.

The Summary of Benefits and Coverage (SBC) document will help you choose a health plan. The SBC shows you how you and the plan would share the cost for covered health care services. NOTE: Information about the cost of this plan (called the premium) will be provided separately. This is only a summary. For more information about your coverage, or to get a copy of the complete terms of coverage, visit www.bcbsil.com/member/policy-forms/2025 or by calling 1-800-541-2768. For general definitions of common terms, such as allowed amount, balance billing, coinsurance, copayment, deductible, provider, or other underlined terms see the Glossary at www.healthcare.gov/sbc-glossary/ or call 1-855-756-4448 to request a copy.

Important Questions	Answers	Why This Matters:
What is the overall deductible?	Individual: Participating/Non-Participating \$1,800; Family: Participating/Non-Participating \$3,600	Generally, you must pay all of the costs from <u>providers</u> up to the <u>deductible</u> amount before this <u>plan begins</u> to pay. If you have other family members on the policy, the overall family <u>deductible</u> must be met before the <u>plan</u> begins to pay.
Are there services covered before you meet your deductible?	Yes. Certain <u>preventive care</u> services are covered before you meet your <u>deductible</u> .	This <u>plan</u> covers some items and services even if you haven't yet met the <u>deductible</u> amount. But a <u>copayment</u> or <u>coinsurance</u> may apply. For example, this <u>plan</u> covers certain <u>preventive services</u> without <u>cost-sharing</u> and before you meet your <u>deductible</u> . See a list of covered <u>preventive services</u> at www.healthcare.gov/coverage/preventive-care-benefits/ .
Are there other deductibles for specific services?	Yes. Out-of-Network Inpatient \$300. There are no other specific deductibles.	You must pay all of the costs for these services up to the specific <u>deductible</u> amount before this <u>plan</u> begins to pay for these services.
What is the out-of-pocket limit for this plan?	Individual: Participating/Non-Participating \$3,600; Family: Participating/Non-Participating \$7,200	The <u>out-of-pocket limit</u> is the most you could pay in a year for covered services. If you have other family members in this <u>plan</u> , the overall family <u>out-of-pocket limit</u> must be met.
What is not included in the out-of-pocket limit?	<u>Premiums</u> , <u>balance billing</u> charges, and health care this <u>plan</u> doesn't cover.	Even though you pay these expenses, they don't count toward the <u>out-of-pocket limit</u> .
Will you pay less if you use a network provider?	Yes. See www.bcbsil.com or call 1-800-541-2768 for a list of Participating Providers.	This <u>plan</u> uses a <u>provider network</u> . You will pay less if you use a <u>provider</u> in the <u>plan's network</u> . You will pay the most if you use an <u>out-of-network provider</u> , and you might receive a bill from a <u>provider</u> for the difference between the <u>provider's charge</u> and what your <u>plan</u> pays (<u>balance billing</u>). Be aware, your <u>network provider</u> might use an <u>out-of-network provider</u> for some services (such as lab work). Check with your <u>provider</u> before you get services.
Do you need a referral to see a specialist?	No.	You can see the <u>specialist</u> you choose without a <u>referral</u> .

All **copayment** and **coinsurance** costs shown in this chart are after your **deductible** has been met, if a **deductible** applies.

The PPO Plan

With the PPO plan, you can choose any doctor whenever you need care

The PPO plan offers a wide range of benefits and the flexibility to choose any doctor or hospital when you need care. The plan includes an annual deductible that you must satisfy before your benefits begin. Qualified medical expenses are applied toward your deductible.

PPO Network

Access to the large network of contracting providers is one of the many reasons to select the PPO plan. The network includes hospitals, physicians, therapists, behavioral health professionals and alternative care practitioners.

You and your covered dependents can receive care from any licensed doctor, hospital or other provider. However, when you use a contracting network provider, you will pay less out of pocket, you won't have to file any claims and you will receive the highest level of benefits. If you use a doctor outside the network, you'll still be covered, but your out-of-pocket costs may be significantly higher.

Medical Care

Your benefits may include coverage for*:

- physician office visits
- breast cancer screenings
- cervical cancer screenings
- inpatient hospital services
- muscle manipulation services
- outpatient hospital services
- physical, speech and occupational therapies
- outpatient surgery and diagnostic tests
- infertility treatment
- maternity care
- behavioral health and substance abuse
- hospital emergency medical and accident treatment

To find a contracting doctor or hospital, just go to [bcsil.com](https://www.bcsil.com) and click on the Find a Doctor or Hospital tab to use the Provider Finder® tool, or call BlueCard® Access at **800-810-BLUE (800-810-2583)** for help. Once you become a member, you can also call the toll-free Customer Service number on the back of your member ID card.

Where to Go for Care

What do you do if your clutch player breaks an arm in the big game? Or you slice your finger chopping veggies? Or have stomach cramps after last night's sushi date? Often the choice is clear. If you have signs of a heart attack, it's best to go to the emergency room. But what if you have a sore throat? Or lower back pain?

Knowing where to go can make a big difference in the cost of your care — especially when you use in-network providers.

We make it easy to find independently contracted, in-network providers near you:

- Go to **bcbsil.com** and click **Find Care**
- For personalized search results, log in or register at **bcbsil.com** and search in Blue Access for MembersSM
- Call Customer Service at the number on your ID card

Doctor

Is your blood pressure high? Are allergies making you miserable? Can't sleep? Your go-to provider is a good place to start. Some even offer telemedicine. If you need a specialist, your doctor will tell you.

Good for: health exams, shots, cough, sore throat

Wait time: check with office

Cost: in network \$ out of network \$\$

Retail Health Clinic

Need a flu shot? Feel queasy? Have an earache or rash? Many grocery stores and pharmacies have on-site medical clinics. Some may even see patients evenings, weekends and holidays.

Good for: headache, stomach ache, sinus pain

Wait time: check with clinic

Cost: in network \$ out of network \$\$

Urgent Care Center

Sprain your ankle? Have a monster migraine? Can't stop coughing? These centers offer non-emergency care when your doctor's office isn't open evenings, weekends or holidays. Some may offer online booking.

Good for: back pain, vomiting, animal bite, asthma

Wait time: often less than ER

Cost: in network \$\$ out of network \$\$\$

Hospital ER

Worried you may be having a heart attack? Did you black out after a nasty fall? ER doctors and staff treat serious and life-threatening health issues 24/7.

Good for: chest pain, bleeding, broken bones

Wait time: varies

Cost: \$\$\$\$

Know the Difference: Freestanding ER vs. Urgent Care Center

Freestanding ERs look a lot like urgent care centers, but may not be affiliated with an in-network hospital. That means you could end up with a hefty bill (or several bills). You might even be sent to a hospital ER for care! Here are ways to spot a freestanding ER:

1. Look for "Emergency" on the building exterior.
2. Check the hours. If it's open 24/7, it's a freestanding ER. Urgent care centers close at night.
3. Confirm it's not connected to a hospital.
4. Ask if it follows the copay, coinsurance and deductible payment model.

If you need emergency care, call 911 or seek help from any doctor or hospital immediately.

Note: Many health care providers offer telehealth appointments. Ask your preferred provider if they do and if it is appropriate for your condition(s).

Members are strongly advised to search and verify the network status of any health care provider or facility before receiving care to avoid unexpected charges. Network participation may change, and it is the member's responsibility to review whether a provider is in network at the time of service.

Examples given for each care scenario are not intended as an exhaustive list. You may seek care and be treated for other conditions or illnesses other than those cited as examples.

Information provided in this flier is not intended as medical advice, nor meant to be a substitute for the individual medical judgment of a doctor or other health care professional. Please check with your doctor for individualized advice on the information provided. Coverage may vary depending on your specific benefit plan and use of network providers. For questions, please call the number on your member ID card.

BlueEdge HSASM and BlueEdge Select HSASM Plans

Why Choose BlueEdgeSM?

BlueEdge HSA is a consumer-directed health care plan (CDHP) that helps you meet your health and financial goals. It blends a qualified high-deductible health plan with a health savings account (HSA) where you decide to either pay for qualified health care costs with tax-free dollars or let the funds grow as savings.

Deposits to the account can be made by you, your employer or anyone else.

BlueEdge HSA helps you with:

Affordability – Use health savings account funds to help meet your deductible, or leave them untouched to grow as savings.

Tax savings – Health savings account funds that are used for qualified health care costs are tax-exempt.

Portability – Your health savings account belongs to you. Unused funds can roll over at the end of the year, or you can take the money with you if you change health plans or your job, or if you retire.

Control – You decide how, when and where your health care dollars are spent. The savvier a consumer you are, the more you stretch how far your health savings account will take you.

Freedom and choice – Choose any doctor when you need care, but choosing a network doctor means you get the highest level of benefits.

Network Information

Use Provider Finder[®] at **bcbsil.com** to see if your doctor is in the network or to search for another network provider. You may also call BlueCard[®] Access toll-free at **800-810-BLUE (800-810-2583)** for provider information. Once you become a member, you can call the toll-free Customer Service phone number on the back of your member ID card for help.

There's more to BlueEdge:

Preventive care and wellness visits – Adults and children are covered at 100 percent when you use network providers*. You don't need to meet the deductible to enjoy these benefits.

Online decision tools – Personalize how you use your health care and your health care spending. Log in to Blue Access for MembersSM, a safe, secure website at **bcbsil.com** to:

- Manage your benefits
- Search for a network provider
- Estimate the cost of a procedure or treatment
- Find health and wellness information and support
- Ask health care professionals for help with your concerns through 24/7 Nurseline

Health Savings Account Administration

Your health savings account is administered by a separate custodian — not Blue Cross and Blue Shield of Illinois. Your employer will give information about your account custodian.

Special Notice about HSAs

Under IRS regulations, anyone enrolling in this health plan should be aware that any adult can contribute to a health savings account (HSA) if he/she:

- Has coverage under an HSA-qualified high deductible health plan (HDHP)
- Has no other first-dollar medical coverage (other types of insurance such as specific injury insurance or accident, disability, dental care, vision care, or long term care insurance are permitted)
- Is not enrolled in Medicare
 - An individual can be Medicare-eligible and have an HSA. However, once enrolled in Medicare, contributions to the HSA must stop. The individual can keep funds in the account before enrolling in Medicare and use those funds to pay for qualified medical costs tax-free.
- Cannot be claimed as a dependent on someone else's tax return

There are other regulations about contributions and distributions. If you are enrolling in a plan that includes a health savings account, you should first seek professional tax counsel to determine if your individual situation permits use of an HSA. If you have a flexible spending account (FSA), or a health care account (HCA), check with your employer to confirm that you are eligible for an HSA. Both the FSA and HCA are considered a limited purpose account that can only be used for certain expenses.

How It Works

BlueEdge HSA Example

Ben and Aileen and their two children have BlueEdge Select HSA family coverage through Aileen's employer. The plan is paired with a health savings account that includes a debit card and checks from the HSA administrator*. At the beginning of the year, Ben and Aileen put \$3,000 into their health savings account (the contribution cannot exceed the maximum determined annually by the IRS).

Year One

- **Aileen's health savings account annual contribution = \$3,000**
- **Aileen's annual family deductible = \$3,000**

Ben and Aileen had physicals and preventive care lab tests[†].

- \$580 was paid by the preventive care benefit.

Both children had annual physicals and routine immunizations.

- \$320 was paid by the preventive care benefit.

Ben tore a ligament in his knee that required surgery.

- Charges of \$675 for the emergency room visit were paid with the health savings account debit card, which counts toward the deductible^{††}.

- Surgery charges were \$6,000. Ben paid \$2,325 with the debit card. With this, the \$3,000 family deductible had been satisfied and health plan benefits began. Of the remaining \$3,675, the health plan paid 80 percent (\$2,940) and Ben paid his 20 percent coinsurance (\$735).

Aileen saw a dermatologist and had several moles removed.

- Charges were \$1,200. The health plan paid 80 percent (\$960), and Aileen paid her 20 percent coinsurance (\$240).

All of the health savings account money was spent so there was no amount to roll over to next year.

Year Two

- **Ben and Aileen decide to contribute \$3,000 once again to their health savings account at the beginning of the year.**

Ben and Aileen had physicals and preventive care lab tests.

- \$525 was paid by the preventive care benefit.

Both children had annual physicals.

- \$275 was paid by the preventive care benefit.

Aileen saw her dermatologist for a follow-up visit.

- She paid for the \$175 visit with the HSA debit card, which also counted toward the deductible.

Ben participated in a smoking cessation program.

- The program cost \$450 and he paid for it with a check from the health savings account. This expense did not count toward the deductible.

At the end of year two, \$2,375 remains in the health savings account and this rolls over to the next year.

*The provider should first submit your claim for processing so that you receive benefits at the Blue Cross and Blue Shield of Illinois negotiated rate. You may then use the debit card or checks to pay any balance due to the provider.

†In these examples, in-network preventive care is covered at 100%. Not all groups cover preventive care. Ask your employer for details.

††Funds must be available in your health savings account before you can use them to pay for medical services. Ask your employer when funds will be deposited to your account (each pay period, quarterly, annually, etc.).

Frequently Asked Questions About BlueEdge HSA

What is a health savings account?

If you have a qualified high-deductible health plan (HDHP), you can establish a tax-exempt health savings account with your own funds, those from your employer or both. You can use the funds to pay for qualified medical care services. Qualified expenses also count toward your annual deductible. Balances roll over from year to year and the account is portable, which means you keep it if you change benefit plans, jobs or if you retire.

How can I decide if BlueEdge HSA is right for me?

Comparing covered benefits, network providers, the cost of coverage and other out-of-pocket expenses are important when choosing a health plan. For more information on HSAs, visit the U.S. Treasury's website at [treasury.gov](https://www.treasury.gov).

Who is eligible to open a health savings account?

Only eligible individuals may open an HSA. To qualify for an HSA, you:

- Must be enrolled in an HSA-compatible HDHP as of the first day of the month;
- May not have other coverage that is not an HSA-compatible HDHP, including Medicare coverage (certain exceptions apply);
- May not be claimed as a dependent on another person's tax return.

How is the HSA account funded?

IRS rules for contributions include, but are not limited to the following:

Any person (an employer, a family member or any other person) may make contributions to an HSA for an eligible individual.

Is there a specific health plan design for HSAs?

Yes. HSA law and IRS guidance have focused on four parts of the HDHP plan design:

- The deductible
- The out-of-pocket maximum
- Preventive care
- The overall benefit design must provide "significant benefits" at all times to those covered by the HDHP

Other Benefits for Non-HMO Plans

Your health care benefit plan travels with you wherever you go – across the country or around the world.

Preventive Care

Your coverage may include preventive care benefits for children and adults, including physical exams, diagnostic tests and immunizations. Check your group plan for specific coverage.

Emergency Care

If you, as a prudent layperson (with an average knowledge of health and medicine) need to go to the emergency room of any hospital, your care will be covered subject to your plan's deductible and any applicable copayments or coinsurance. In an emergency, you should seek care from an emergency room or other similar facility. Call 911 or other community emergency resources to obtain assistance in life-threatening situations. Your group plan may require that you, a family member or friend contact Blue Cross and Blue Shield of Illinois (BCBSIL) if you are admitted to the hospital.

National Coverage

You have nationwide access to contracting providers in networks linked through the BlueCard® program when you or your covered dependents live, work or travel anywhere in the country. The national network includes most physicians and hospitals in the country. Be sure to use a BlueCard network provider to receive the highest level of benefits.

With the BlueCard program, there are two ways to locate contracting doctors and hospitals:

- Visit the website at **bcbsil.com** and click on the Find a Doctor or Hospital tab to use the Provider Finder® tool or call BlueCard® Access at **800-810- BLUE (800-810-2583)** for help. Maps and driving directions are also available.
- Call Customer Service at the toll-free number on the back of your member ID card.

Reconstructive Surgery Following a Mastectomy

Federal and State of Illinois legislation require group health plans and health insurers to provide coverage for reconstructive surgery following a mastectomy. Specifically, these laws state that health plans that cover mastectomies must also provide coverage in a manner determined in consultation with the attending physician and patient for reconstruction of the breast on which the mastectomy has been performed, surgery and reconstruction of the other breast to produce a symmetrical appearance, and prostheses and treatment of physical complications for all stages of mastectomy, including lymphedemas.

Your coverage may also include benefits for baseline and annual mammograms. Check your group plan documents for details.

Illinois Dependent Eligibility Mandate

Under Federal law, your dependents are eligible for health and dental coverage up to the dependent limiting age and may not be denied coverage due to marital, student or employment status before age 26. Check with your employer for additional details regarding eligibility requirements. In addition, eligible military personnel may not be denied coverage before age 30 under Illinois law. If you elect Blue Choice SelectSM coverage, your dependents must live within the defined service area.

This Illinois law applies to all individual plans and insured group medical and dental plans, as well as self-insured municipalities, counties and schools. The law does not apply to self-funded national account groups or local non-municipal self-funded groups. If you have questions about this law, contact your benefits administrator.

International Coverage

When you travel outside the United States and need medical assistance services, call **800-810-BLUE (800-810-2583)** or call collect to **804-673-1177** for information. Blue Cross and Blue Shield has contracts with doctors and hospitals in more than 190 countries. An assistance coordinator, in conjunction with a medical professional, can arrange your doctor's appointment or hospitalization, if necessary.

Providers that participate in the Blue Cross Blue Shield Global[®] Core* program, in most cases, will not require you to pay up front for inpatient care. You are responsible for the out-of-pocket expenses such as a deductible, copayment, coinsurance and non-covered services. The doctor or hospital should submit your claim.

You also have coverage at non-contracting hospitals, but you will have to pay the doctor or hospital for care at the time of service, then submit an international claim form with original bills. Call Customer Service at the toll-free customer service number on your member ID card for the address to send the claim. You can get a claim form from your employer, Customer Service or online at **bcbsil.com**.

Medical Plan Frequently Asked Questions

Q. Are my medical records kept confidential?

A. Yes. Blue Cross and Blue Shield of Illinois (BCBSIL) is committed to keeping all specific member information confidential. Anyone who may have to review your records is required to keep your information confidential. Your medical records or claims data may have to be reviewed (for example, as part of an appeal that you request). If so, precautions are taken to keep your information confidential. In many cases, your identity will not be associated with this information.

Q. Who do I call with questions about my benefits?

A. Call the toll-free Customer Service number on the back of your member ID card.

Q. How do I find a contracting network doctor or hospital?

A. Go to [bcsil.com](https://www.bcsil.com) and use Provider Finder®, or call Customer Service at the toll-free number on the back of your member ID card.

Q. What do I do when I need emergency care?

A. Call 911 or seek help from any doctor or hospital. BCBSIL will coordinate your care with the emergency provider.

Some options for non-emergency care include:

- **Your doctor's office** for health exams, routine shots, colds, flu and other minor illnesses or injuries.
- **Walk-in retail health clinics** available in retail stores. Many have a physician assistant or nurse practitioner who can help treat ear infections, rashes, minor cuts and scrapes, allergies, colds and other minor health problems.
- **Urgent or immediate care clinics** for more serious health issues, such as when you need an X-ray or stitches.

Urgent Care or Freestanding Emergency Room?

Urgent care centers and freestanding ERs can be hard to tell apart. Freestanding ERs often look a lot like urgent care centers, but costs are higher, just as if you went to the ER at a hospital. Here are some ways to know if you are at a freestanding ER.

Freestanding ERs:

- Look like urgent care centers, but have EMERGENCY in the facility name.
- Are separate from a hospital but are equipped and work the same as an ER.
- Are staffed by board-certified ER physicians and are subject to the same ER copay.
- Find urgent care centers¹ near you by texting² **URGENTIL** to **33633** and then type in your ZIP code.

Q. What should I bring to my first appointment with a new doctor?

A. Your first appointment is an opportunity to share information about your health with your new doctor. Bring as much medical information as possible, including:

- **Medical records and insurance card** — If you are undergoing treatment at the time you change doctors, your medical records are important to your new doctor. Your insurance card provides information about copayments, billing and Customer Service phone numbers.
- **Medications** — Give your new doctor information about prescription and over-the-counter medications, including any herbal medications you take. Be sure to include the name of the medication, the dosage, how often you take it and why you take it.
- **Special needs** — Make a list of any equipment or devices you use including wheelchairs, oxygen, glucose monitors and the glucose strips. Be prepared to explain how you use them, not only to make sure you have the equipment you need, but also to make sure that there is no disruption in your care.

Q. What questions should I ask if I am selecting a new doctor?

A. In addition to preliminary questions you might ask a new doctor — such as “Are you accepting new patients?” — here are some questions to help you evaluate whether a doctor is right for you.

- What is the doctor’s experience in treating patients with the same health problems that I have?
- Where is the doctor’s office? Is there convenient and ample parking, or is it close to public transportation?
- What are the regular office hours? Does the office have drop-in hours if I have an urgent problem?
- How long should I expect to wait to see the doctor when I’m in the waiting room?
- Are routine lab tests and X-rays performed in the office, or will I have to go elsewhere?
- Which hospitals does the doctor use?
- If this is a group practice, will I always see my chosen doctor?
- How long does it usually take to get an appointment?
- How do I get in touch with the doctor after office hours?
- Can I get advice about routine medical problems over the phone or by email?
- Does the office send reminders for routine preventive tests like cholesterol checks?

Q. What if I’m already in treatment when I enroll and my provider isn’t in the network?

A. We’ll work with you to provide the most appropriate care for your medical situation, especially if you are pregnant or receiving treatment for a serious illness. You may still be able to see your out-of-network provider for a period of time. Call the toll-free Customer Service number on the back of your member ID card for more information.

¹The closest urgent care center may not be in your network. Be sure to check Provider Finder to make sure the center you go to is in-network.

Do You Need Specialty Medications?

Blue Cross and Blue Shield of Illinois (BCBSIL) supports members who need self-administered specialty medication and helps them manage their therapy. Accredo® is the specialty pharmacy chosen to do just that.¹

Specialty drugs are often prescribed to treat complex and/or chronic conditions, such as multiple sclerosis, hepatitis C and rheumatoid arthritis.

Specialty drugs often call for carefully following a treatment plan (or taking them on a strict schedule). These medications have special handling or storage needs and may only be stocked by select pharmacies.

Some specialty drugs must be given by a health care professional, while others are approved by the FDA for self-administration (given by yourself or a care giver). Medications that call for administration by a professional are often covered under your medical benefit plan. Your doctor will order these medications. Coverage for self-administered specialty drugs is usually provided through your pharmacy benefit plan. Your doctor should write or call in a prescription for self-administered specialty drugs to be filled by a specialty pharmacy.

Your plan may require you to get your self-administered specialty drugs through Accredo or another in-network pharmacy. If you do not use these pharmacies, you may pay higher out-of-pocket costs.² Your doctor may also order select specialty drugs that must be given to you by a health professional through Accredo.

Do You Need Specialty Medications?

Examples of Self-administered Specialty Medications

This chart shows some conditions self-administered specialty drugs may be used to treat, along with sample medications. This is not a complete list and may change from time to time. Visit bcsil.com to see the up-to-date list of specialty drugs.

Once registered, you can manage your prescriptions on accredo.com or through the mobile app.

Receiving Specialty Medications

Since many specialty drugs have unique shipping or handling needs, shipments will be arranged with you through Accredo. Medications are shipped in plain, secure, tamper-evident packaging.

Before your scheduled fill date, you will be contacted to:

- Confirm your drugs, dose and the delivery location
- Check any prescription changes your doctor may have ordered⁵
- Discuss any changes in your condition or answer any questions about your health⁵

One-on-One Support

Accredo has 15 Therapeutic Resource Centers® (TRCs), each focused on a specific specialty condition. Through your one-on-one counseling sessions, they'll discuss how to reduce your disease progression and achieve your treatment goals, manage any side effects from your drugs, help you stick to your regimen and monitor your progress. They can also offer support with any financial or insurance concerns you may have.

Certain coverage exclusions and limits may apply, based on your health plan. For some medicines, members must meet certain criteria before prescription drug benefit coverage may be approved. Check your benefit materials for details, or call the customer service number listed on your ID card with questions.

It's All About Diabetes

Living with diabetes can be a challenge. But maintaining close-to-normal levels of blood sugar has been shown to reduce the risk of diabetes-related problems. That's why monitoring your blood sugar levels with a blood glucose meter is important for managing diabetes.

Choosing a Blood Glucose Meter

When choosing a meter, it often comes down to the features you're looking for. Here are a few things to consider when making your choice:

- How does the meter score for accuracy? Does it come with a control solution or test strip to check for accuracy?
- Does the meter fit in your backpack, supplies kit or purse?
- How skillful are you at handling those test strips? You might want to try a meter that uses cartridges instead of individual strips.
- How much blood does the meter require? Less is better.
- Do you want to download results to a computer or email them to your doctor's office?
- Interested in alternative site testing? There are meters that can test samples from various places on the body.

Checking Your Blood Glucose

Regular blood glucose checks and consistent record-keeping give you a good picture of where you are in your diabetes care.

Checks tell you how often your blood glucose levels are in your target range. Your target range is a personalized blood glucose range that you set with your doctor. Once you know how often and when to check, stick to the schedule and check at those times each day.

Keep a daily log recording your levels. Then take your log with you when you visit your doctor or other members of your diabetes care team. The information in your log will let them know how you are doing.

For more information about diabetes, go to bcbsil.com, log in to Blue Access for MembersSM and click on 'Wellness', click on 'Articles' and then select 'Diabetes' from the options. Blue Cross and Blue Shield of Illinois offers certain blood glucose meters to members with diabetes at no additional charge.

Reward Employees and Realize Big Savings

Member Rewards is a comprehensive engagement and rewards program offered by Blue Cross and Blue Shield of Illinois (BCBSIL). It is administered by Zelis and guides members to cost-effective options, helping achieve measurable savings for both employers and employees.

The Member Rewards program offers a cash reward to members when they shop for procedures or services, and select a low-cost, reward-eligible option. It uses the Provider Finder® tool, which helps members:

- Compare costs and quality
- Estimate out-of-pocket costs
- Assist in making treatment decisions with their doctors

Member Rewards offers an average savings of \$435 per claim.¹

How Does It Work?

First, the member searches online via Provider Finder to find and select a reward-eligible provider for a procedure or service.

Then, the member visits their chosen reward-eligible provider.

Next, the member receives a cash reward by check, which will be mailed to their home, after the claim is paid and the provider is verified as reward-eligible.

Get Started Today!

Call your BCBSIL Account Representative for more information about how Member Rewards can help your employees become smarter shoppers, earn rewards and lower their – and your – health care costs.

¹ Based on Zelis SmartShopper data Jan. 2022 through Dec. 2022 for medical services. The cost estimates shown on Provider Finder® for various providers, facilities, and procedures are just estimates. Savings and reward amounts depend on the options members choose.

MDX Medical, LLC, a Zelis company, is an independent company that has contracted with Blue Cross and Blue Shield of Illinois to administer the Member Rewards program for members with coverage through BCBSIL. Reward-eligible options and reward amounts are subject to change. Eligibility for rewards is subject to terms and conditions of the Member Rewards program. Amounts received through Member Rewards may be taxable. BCBSIL does not provide tax advice. Members that have primary coverage with Medicaid or Medicare are not eligible to receive incentive rewards under the Member Rewards program.
